AEMPS Pre-Submission Guidance for Users of the Centralised Procedure

January 2014

The term "pre- submission meeting" refers to a meeting held between a Pharmaceutical Company and the Spanish Medicines Agency (AEMPS) in advance of the submission of a marketing authorisation application (MAA) and provided that the product development is complete and the whole data package available.

This document sets out the national requirements for such meetings similarly to those established by the European Medicines Agency (EMA), and affects only those Centralised procedures where the AEMPS has been designated as Rapporteur or Co-Rapporteur for the evaluation.

This document is not intended for meetings that may be requested within other procedures such as national, decentralised or mutual recognition procedures, or those related to methodological or regulatory aspects of products in early stages of development. The latter would imply the Applicant following the information available on the AEMPS website on the application for [scientific advice](#).

Purpose/scope of the meeting

MAA pre-submission meetings are aimed at providing the evaluation team with information about the upcoming MAA. If necessary, assessors may comment on practical aspects highlighting those issues which may be particularly relevant. Such meetings are not expected to be a pre-assessment of data supporting a marketing-authorisation application. MAA pre-submission meetings should be requested before submitting an initial application or in case of relevant variations implying significant changes in the marketing authorisation conditions of an authorized product, line extensions, etc...

Procedures & timeline for MAA pre-submission meetings

These meetings will be organized by the AEMPS upon the request of a Pharmaceutical Company. The request ([Application form](#)) can be sent directly to the following mailbox: centralised@aemps.es

Payment of fees is not required for this type of meetings.

They will preferably be a *face-to-face* meeting that will take place at the AEMPS' premises (Calle Campezo nº 1, Madrid). The AEMPS will provide with the necessary logistic framework including if needed, the possibility of join additional participants such as other Regulatory European Agencies (EMA or other National Agencies) or AEMPS/Applicant's external experts via teleconference.

Pre-submission meetings for MAA usually take place 3-6 months before submission, so that the meeting can be set-up at a mutually agreed date taking into account availability of AEMPS/Applicant's participants and meeting rooms.
